We've waited so long from the garden of Eden. The prophets of old saw this new surety. And now that He's mine, please don't tell me I'm hopeless. I am the beloved of this blood guarantee.

And His blood says I'm healed from all sins afflictions. The test came back saved when I answered His call. To the eyes of the world, this sun all looked hopeless. But His stripes say I'm healed, yes His blood says it all.

Bridge

Heartbroken in Gethsemane. He was bleeding at Calvary. But out of the tomb for me, came my victory.

And His blood says I'm healed from all sins afflictions. The test came back saved when I answered His call. To the eyes of the world, this sun all looked hopeless. But His stripes say I'm healed, yes His blood says it all.
