

# All Night Long (Cahill Club Mix)

Alexandra Burke

I see everybody around but it feels like we're in private  
I know you want me so bad cause you just can't seem to hide it  
The lights are moving to the rhythm of the music,  
When we're together,  
Everything just comes together, baby  
So inspired by the movement,  
We can lose it, I hope you're ready As long as I see the strobe lights,  
I'm dancing all night long  
When we're together, baby,  
I'm feeling all right,  
You got me all night long  
So tell the DJ play it all night long,  
All night long, all night, night, night  
So tell the DJ play it all night long,  
All night long, all night, night night So tell the DJ play it  
Tonight the admission is free,  
Now we're shutting the club down  
We moving now to the streets,  
All we got left is love now Feel my troubles fading to the rhythm of your heart beat,  
When we're together,  
Everything just comes together baby  
Every motion calls your name,  
Baby once you start me  
And I hope you're ready So tell the DJ play it,  
All my worries help me put the past behind  
All around us this worlds in a hurry  
While we stand still in time  
Feels like we're moving to the rhythm of the music,  
When we're together  
Everything just comes together, baby  
So inspired by the movement  
We can't lose it  
And I hope you're ready So tell the DJ play it,  
It's only you and me together  
And this feelings so strong,  
Wish it could stay like this forever  
All night long, all night long  
Said all night long.
