

Call Me Up

Chromeo

(Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah)
Call me up
(Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah)
Call me up You can call me up day and night
Whenever you need someone to talk to, girl
She can call me up all the time
These fourteen numbers never felt so right I know it seems somewhat extraneous
You ain't heard of this
'Coz I hung up on you many times before
But now this ocean separates us and I can't fake it
But I've been wantin to hear your voice How do I explain this kind of feelin?
I never got enough attention as a child
And now I'm starin at the ceilin
With my phone in my hand, hopin you'll make it ring (Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah)
Call me up
(Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah)
Call me up You can call me up day and night
Whenever you need someone to talk to, girl
She can call me up all the time
These fourteen numbers never felt so right Alright, so I got a card and I, I got his number
So, is it, is it 0, 1, 1, um, 3, 3?
How 'bout this 6, is there like a 6 in there? Or is it 0, 6?
Um, I cant even really hear anythin'
Goddamit, ugh Call me when you're sad
Call me when you're mad
Call me when you're home alone
Call me when you're freaky
Call me when you're nasty
Call me when you wanna hmm And if you're really upset you can call me collect
'Coz you know I'm not gonna mind
At the drop of a dime you could drop me a line
And I'ma make it worth your time
Time, time, time, time
Time, time, time, time (Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah)
Call me up
(Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah)
Call me up You can call me up day and night
Whenever you need someone to talk to, girl
She can call me up all the time

These fourteen numbers never felt so right You can call me up
(You can call me up)
You can call me up
(You can call me up) You can call me up
(You can call me up)
You can call me up
(You can call)
Call me up
