

# On the Breath of an Angel

Anggun

Wherever I go, whatever I see  
Over oceans unknown, you are always with me  
Pure as the water, we float on this wave  
On the breath of an angel, I'll fly away  
At the ends of your fingers  
I follow tonight  
Caught in the lighting  
Of a thousand horizons  
We dance for no reason  
You hold on so tight  
Lost in the feeling  
Of a wonderful ride  
Di semua bahasa  
Semua warna  
Kupahami kata  
Yang kau ukir indah  
Nyanyi beku angin  
Cairkan sengat suria  
Di relung hatiku  
Bernyanyi bidadari  
I can hear every word  
I see everywhere  
Take me into your world  
You can answer my prayers  
Rivers of hours  
Where time is so rare  
Hold me forever  
Say you'll always be there  
Wherever I go, whatever I see  
Over oceans unknown, you are always with me  
Pure as the water, we float on this wave  
On the breath of an angel, I'll fly away
