Perfect Nightmare

[Shontelle](#)

Sometimes we fight
Sometimes I cry
Why don't I
Just tell him goodbye
Sometimes I should
But sometimes I don't
Build up the strength to
Say that it's wrong
Sometimes I hate
Sometimes I love
Sometimes I hurt
Sometimes I don't
Sometimes I wait
For him to change
But it's okay
I've disguised the pain
And I don't ever wanna leave him alone
They say i'm brainwashed but i'm in love
With this man
YeahKeep telling myself that it's not worth it
I already know I don't deserve it
But if it's from you I don't mind hurting
This is my perfect nightmare
So when will I wake up and scream
No way (x7)
But if it's from you I don't mind hurting
This is my perfect nightmare
Perfect nightmareSometimes I keep my cool
Sometimes I let him know
Sometimes I even pack my bags to walk out the door
Sometimes I feel safe
Sometimes I really don't
Sometimes I promise that i'm ready to let him go
But I don't ever wanna leave him alone
They say i'm brainwashed but i'm in love
With this man
Ohh ohhhKeep telling myself that it's not worth it
I already know I don't deserve it
But if it's from you I don't mind hurting

This is my perfect nightmare
So when will I wake up and scream
No way (x7)
But if it's from you I don't mind hurting
This is my perfect nightmare
Perfect nightmareHoping he's changing
But i'm scared he's not
Can't see a way to leave
Help me open my eyesKeep telling myself that it's not worth it
I already know I don't deserve it
But if it's from you I don't mind hurting
This is my perfect nightmare
PerfectKeep telling myself that it's not worth it
I already know I don't deserve it
But if it's from you I don't mind hurting
This is my perfect nightmare
So when will I wake up and scream
No way (x7)
But if it's from you I don't mind hurting
This is my perfect nightmare
