

# I Never Want to Let You Down

[Lenny Kravitz](#)

I pledge allegiance baby, to the flag of love  
I'm trying to do the things, to keep us moving up  
Don't ever wanna mislead you  
I got to have your trust  
Cause it ain't about me baby  
It is about us I'm gonna love you  
Be your solid ground, keep you homeward bound I never want to let you down  
Why don't you give me a chance today? Sometimes I get to thinkin'  
That I'm not enough  
My past comes back to haunt me  
I know you know it's tough But I'm trying to be a better man  
I've got to hang in tough  
Cause it ain't about me baby  
It is about us I'm gonna love you  
Be your solid ground, that keeps you homeward bound I never want to let you down  
Why won't you give me a chance today? I'm gonna love you  
Be your solid ground, keep you homeward bound I never want to let you down
