

Exit to the City

The D4

Saturday night
Just got paid
I'll make my exit to the city
I'm on a high speed getaway
Reach my hand in the bag
And I'm ready to roll
Out on the run, outta control This time I'll take the exit
This time I'm getting off Looking for something
I'm looking under the lights
I'm on a buzz
I'm gonna fuck or fight
Getting into my head
Getting outta my head
I'm coming for you
I said coming for you This time I'll take the exit
This time I'm getting off Hand in the bag
Ready to roll
Out on the run
Into my head
Outta my head
Under the lights
Exit to the city Saturday night
Saturday night
Saturday night
Saturday night
