

# Innocent

## Hundred Waters

Annotate There was a light on... a light on inside... I saw it crawling

Looming, low ringing sigh

Its smooth skin

Sliding

O the line of illusion

Is so very loose (ain't it darlin'?)

Come lie here, say it's okay

There's nothing... no one... no real reason But every other word's

A war inside

Legs are no good when

They're paralyzed

Always wondering

Always worrying

Innocent... innocent

Why do I worry if you're innocent? O the roaring, the crash!

It's all very cruel (ain't it darlin'?)

Come lie here, say it's okay

There's nothing... no one... no one...

Say it's only in my head

Is it only in my head?

Is it only in my head?

But every other word's

A war inside

Legs are no good when

They're paralyzed

Always wondering

Always worrying Why do I worry if you're innocent?
