## Stepdad

Bundle up, buttercup, you're my baby grand.

Time to get street smart, sweetheart, time to get the upper hand.

A tummy punch, honey bunch, saw the TV, damn.

Quick on the uptake, cupcake, get with the program.

When will you realize you don't gotta be miserable, tonight we're gunna fix this jam, tonight we'll be mythical.

When will you realize you don't gotta be miserable, tonight we've got a master plan, tonight we're invincible.

Cut a rug, lady bug, this is your one chance.

Aim for the throat, dreamboat, in the name of romance.

Get you some, little plump, give thanks it ain't fenced.

Forget the guilt trip, hot lips, it ain't worth a second glance.

Prepare for adventure.

We'll milk the night for all she's got.

So sayeth the shepherd, so sayeth the flock.

Release all the pressure, ignore the ticking of the clock.

The night is wide open, so take your shot.

When will you realize you don't gotta be miserable, tonight we're gunna fix this jam, tonight we'll be mythical.

When will you realize you don't gotta be miserable, tonight we've got a master plan, tonight we're invincible.

It's worth the extra effort, because tonight won't last forever.

Baby burst without your feathers.

We gotta fly, fly and keep it together.

When will you realize you don't gotta be miserable, tonight we're gunna fix this jam, tonight we'll be mythical.

When will you realize you don't gotta be miserable, tonight we're gunna fix this jam, tonight we'll be mythical.

When will you realize you don't gotta be miserable, tonight we've got a master plan, tonight we're invincible.

When will you realize you don't gotta be miserable, tonight we've got a master plan, tonight we've got a master plan.
