

# Body of My Own

Charli XCX

You're so damn cold  
You've got no feelin'  
I want my blood hotter  
Not satisfied  
I need to taste it  
Your sex is so overGot the gun in my hand  
And I'm pointing straight  
To the target and  
I'm gonna blow my brakes  
I don't need you  
My touch is better  
I'm rollin' much harderLights out  
On my own  
Got my darkness  
I'm into myself  
Don't need you  
'Cause I'm gone  
So high  
Got my darkness  
I'm into myself  
Don't need you'Cause I can make it feel just like I'm hanging on  
Yeah I can do it better when I'm all aloneLights out  
So high  
All aloneI've got a body of my ownI'm in control  
My hands are shakin'  
My skin's getting wetter  
I'm coming close  
It's overloading  
I'm walking with fireSpin around in my head and I'm screaming out  
But with you in the room I can never shout  
This heroin  
I'm sinkin' so deep  
Wish I could stay here foreverLights out  
On my own  
Got my darkness  
I'm into myself  
Don't need you  
'Cause I'm gone  
So high

Got my darkness  
I'm into myself  
Don't need you 'Cause I can make it feel just like I'm hangin' on  
Yeah I can do it better when I'm all alone Lights out  
So high  
All alone I've got a body of my own Lights out  
Got my darkness  
I'm into myself  
Don't need you  
'Cause I'm gone  
So high Got my darkness  
I'm into myself  
Don't need you  
'Cause I'm gone  
So high Got my darkness  
I'm into myself  
Don't need you  
'Cause I'm gone  
So high Got my darkness  
I'm into myself  
Don't need you  
'Cause I'm gone
