

SweetHeart

[Matthew Puckett](#)

could i take you to a laker game
could we kiss outside the stadium
get a drink and then we'll catch a plane
fly it out to the Caribbean
find a beach and lay in the sand
watch the sunset holding hands
tell you how i feel so you understand
my plansweetheart, I wanna be your best friend
i wanna give you everything
i wanna be the one
the only one to call you
sweetheart, when ya feel like no one cares
when you need a strong defense
i will be the one
cause what i want is you - sweethearti'm gonna pick up on the little signs
i'm gonna walk a really fine line
be in your bed right by your side
touch your hair when you start to cry
you know I know just how to make you smile
i would walk a hundred thousand miles
i guess it's true that i would risk my life
tonightbridge
close your eyes and dream of me
of everything that i could be
close your eyes and dream of me
