# Cabin Fever

## Mimicking Birds

And I'm hardly on my feet
and my heart it barely beats
Afternoons, they aren't so bad
At least not as bad as some ones I've had.Hard without you being here,
Hard without you near.
And all the rumors that I heard,
only understood certain words.And I'm hardly on my feet
And my heart it barely beats.
Afternoon don't look so bad
At least not as bad as some ones I've had.Hard without you being here,
Hard without you near.
And all the rumors that I've heard,
never understood every word.And I'm hardly on my feet
and my heart it barely beats
And afternoon don't look so bad
at least not as bad as some one,
someone's had.Hard without you being here
Much easier with you near
