

May I Go

Econoline Crush

I don't wanna take her, but she makes me
I don't wanna fake it, but I know, but I know
It makes me blind
She knows that she's mine May I go
I gotta save me some time
May I go
I gotta save me some time Wonderin' if I did right
I don't wanna wake up in the mornin'
I don't wanna wake up and baby Don't cry
May I go
(You're crying)
Gotta save me some time
(You're crying)
May I go
I gotta save me some time
(You're crying) x4
No I don't wanna miss you baby If your world needs mine
I just wanna make it someday
You were lyin' Stay I know
I can make it all right
(No crying) Stay I know
I can make it all right
(No crying) x2
Make it all right
(No crying) repeat to fade
