Alozaina

The Cujo Family

She said she would met me
By the banks in Alozaina
Well I know
She will not be there

(She's been)
Living on the mountains
For oh so very long now
And I know you will find her there

I'm gonna
Carry that wine
Pulling shapes
As I walk in your shoes

I'm gonna
Serve my time
getting raped
by girls like you

My kittys gone and left me
for the kittens in the city
Well I know she'll be
Better off there

I really tried to stop her
Though it's really got a lot to offer
And I know
She'll be better off there

I'm gonna
Carry that wine
Pulling shapes
as I walk in your shoes

I'm gonna
Serve my time
getting raped
by girls like you

Once there was a time
Way down in the city
All the turpentine wine
Will you dance with me hey

So I got myself a shotgun
And I used it on my mistress
Was a shame to waste a
Bullet on you

She never seen it coming
Although I seen it coming
And I chased her right
Into her room

I'm gonna
Carry that wine
Pulling shapes
as I walk in your shoes

I'm gonna
Serve my time
getting raped
by girls like you
