If I'm Any Closer

Seal

I may dream of
Who comes tumblin' out of the sky
Trees beneath, sometimes
I'm wonderin' if I've come too high
Did I forget
My keys, my facts, my phone, my head
And, oh, some cash, remind me
Darling, definitely
I can hear you ask me why
Well, it could be
This is all in my head
Yes, it could be
What I need lies ahead
If I'm any closer I will be here
I can feel but I can't see
To tell you the truth I'm not the only one
Who's tried to find that key
I'm so loud that
I am climbin' out of my mind

Walls are crumblin'
I got out, I made it just in time
Well, it could be
This is all in my head
Yes, it could be
Something we might have read
If I'm any closer I will be here
I can feel but I can't see
To tell you the truth I'm not the only one
Who's tried to find that key
If I'm any closer I will be here
I can feel but I can't see
To tell you the truth I'm not the only one
Who's tried to find that key
If I'm any closer I will be here
I can feel but I can't see
To tell you the truth I'm not the only one
Who's tried to find that, tried to find that
Tried to find that key
