# Iron Man

## Die Krupps

Go shed the old skin - for the new skin transgression
let the old flesh - rotten to trash resurrection
seize the old laws
riddled by flaws
perfection
open your mind
don't stay behind
progression
weakness - these days are over
old flesh - replaced by shiny armour
new thoughts - the mind expanding
real tasks - that are demandingthis body is invincible
perfection is the principlefeel the clockwork
of the new heart
precision
feed the engine
of your bloodstream
recondition
move your muscles
like a machine
direction
give your life
a new dimension
extension
