

# Broken Mirror

## Weekend Nachos

Each time you go away  
Part of you turns to gray  
The jingle of the chains  
    Singled, rearrange  
Broken mirror steal my reflection  
    Tell me what you see  
A hundred shattered eyes in the  
Looking glass staring back at me  
    Inside, inside  
    Inside tolls the bell

    Outside all is well  
Broken mirror steal my reflection  
    Tell me what you see  
A hundred shattered eyes in the  
Looking glass staring back at me  
    I never wanna be alone  
    I never ever wanna go home  
    This I know for sure
