

# If I Could

## Sunny Sweeney

If I could make my living going fishing  
Then I would make my living with a line and pole  
Put food on the table, pay the money to the landlord  
Buy some working clothes  
'Cause I ain't making money going fishing  
Like I'm paid in a factory  
If I could pay all these bills with my guitar  
Then I would pay these bills with some rock 'n' roll  
Put food on the table, pay the money to the landlord  
Buy some working clothes  
'Cause I ain't making money going fishing  
Like I'm paid in a factory  
Well, if I could  
(If I could)  
Then I would  
(Then I would)  
Make money doing something that I love  
I'd thank my lucky stars above  
If I could just get by, loving you dear  
Then I would just get by making love to you  
Put food on the table, pay the money to the landlord  
Buy some working clothes  
'Cause I ain't making money going fishing  
Like I'm paid in a factory  
Play that guitar  
Well, if I could  
(If I could)  
Then I would  
(Then I would)  
Make money doing something that I love  
I'd thank my lucky stars above  
If I could just get by, loving you dear  
Then I would just get by making love to you  
Put food on the table, pay the money to the landlord  
Buy some working clothes  
'Cause I ain't making money going fishing  
Like I'm paid in a factory  
Come on, y'all  
Well, if I could  
(If I could)  
Then I would  
(Then I would)  
Make money doing something that I love  
I'd thank my lucky stars above  
If I could just get by, loving you dear  
Then I would just get by making love to you  
Put food on the table, pay the money to the landlord  
Buy some working clothes

'Cause I ain't making money going fishing  
Like I'm paid in a factory Put food on the table, pay the money to the landlord  
Buy some working clothes  
'Cause I ain't making money going fishing  
Like I'm paid in a factory
