I don't wanna be me, I just wanna be free
I don't wanna be me, I just wanna be freeGoing down the ozone, lookin' for a new home
Tryin' to cope with the madness, future crisis
Choked up, I can't breathe
Loss of control, what the fuck's wrong with me?Paranoia, the levels are dropping
Some thing's dying within my coffin
Slave to my own enemy, can't you see?I don't wanna be me, I just wanna be free
I don't wanna be me, I just wanna be freeEyes of unreality, notion of consciousness
Got to get grounded before they come for us
Pose for another shot, my thoughts are broken
Impending loss is what I'm holding on toGot to make my way to the fire that burns my flame
King to my own enemy, can't you see?I don't wanna be me, I just wanna be free
I don't wanna be me, I just wanna be free
I just want to be free
