

# Within Me

Gretchen Parlato

Just like a small ghost in a box  
full of thought, full of laughs, oh full of tears  
full of love, full of hopes, full of fears  
Just like a blue fish in a tank  
I can swim, i can dance all day long  
in my tank, in my private sea  
I've got my sun, my clouds, my rain  
I've got lakes, I've got high mountains to climb  
within me, within me, within me  
High trees, tall boulders bow at me  
apes and snakes eat in the palm of my hand  
in my world, in my harmony  
But when you walk through the door  
my sun, my clouds, my rain leave me  
but when your dark eyes hit mine  
my deep green jungle fades away
