Traveler In Time (Remix 2011)

Blind Guardian

The morning sun of Dune
The morning sun of DuneThe holy war's
Waiting for
The morning sun
The morning sun
The morning sun
The morning sunThe morning sun of Dune
There's no tomorrow
The apparation of this land and it's dream
Makes me feel I have seen it beforeI can taste there is life
Everywhere you can find
In the desert of my life
I see it again and againAnd again, again, again, again
Dark tales has brought the Dijahd
Like whispering echoes in the wind
And I'm million miles from homeTraveler in time
Knowing that there's no rhyme
Traveler in time
Knowing that there's no rhymeThe morning sun is near
First light of dawn is here
The morning sun is near againThe Fremen sing that
Their kingdom will come
And I'm the leading oneBattlefields on our crusade
Filled with Sardokaurs
Killing machines crying
In raising fear they're hidingWhere do we go now?
So where is the way?
When I'm a million miles from homeTraveler in time
Knowing that there's no rhyme
Traveler in time
Knowing that there's no rhymeThe morning sun I feel
All pain and sorrow
The apparation of my words in these days
Makes me feel I have told them beforeAll my plans will come true
I'll control destiny
In the desert of my life
I've seen it again and againBy my dreams I must find a way
To stop the raging war
I've to choose nowI will leave

My body and seek
And time will stand still
When I have to leave
My body and findA way back to the world I love
When I'm a million miles from homeTraveler in time
Knowing that there's no rhyme
Traveler in time
Knowing that there's no rhyme
Traveler in time
