You Suck

Murmurs

No one hurt my fragile little mind right now
It's tangled up and don't you know
The pussycat in me is curling up right now
But I'll bloom from the inside out
CHORUS:
But right now there's dust on my guitar you fuck
And it's all your fault
You paralyze my mind and for that you suck oh ho oh ho
Freedom's on my list today and I'm feeling pissed
But my timeless thoughts and ageless mind
Won't let you get away (let you get away)
And your guilty little conscience won't either
CHORUS:
But right now there's dust on my guitar you fuck
And it's all your fault
You paralyze my mind and for that you suck Oh ho oh ho
We all take risks we all fall hard
But you you went too far
And I'm to plush for your pathetic digs
And you're the only one you'll scar
CHORUS:
But right now there's dust on my guitar you fuck
And it's all your fault
You paralyze my mind and for that you suck
And for that you suck oh ho oh ho
Oh ho oh ho
Oh ho oh h
