Dangerous and Moving (Intro)

t.A.T.u.

You take it all away

But never give it back

And this is what you say

Their lives are yellow blackAnd this is how they move

And this is how they sway

That danger is the truth

They die and come againObstacles and signs

Perilous and looming

Dangerous and moving

Dangerous and movingObstacles and signs

Perilous and looming

Dangerous and moving

Dangerous and moving

Dangerous and movingNo mercy for the lost

No soothing for the sad

The line is never crossed

They are the living deadAnd this is how they move

And this is how they sway

That danger is the truth

They die and live againObstacles and signs

Perilous and looming

Dangerous and moving

Dangerous and movingObstacles and signs

Perilous and looming

Dangerous and moving

Dangerous and moving

Dangerous and movingObstacles and signs

Perilous and looming

Dangerous and moving

Dangerous and movingObstacles and signs

Perilous and looming

Dangerous and moving

Dangerous and moving
