

I'll Always Love You

Jane Laverne Powell

Yeah, I had to come back with something
What's on my heart y'all
I mean you like to look at dem girls
In those short shorts, all dat good stuff
But don't let it fool you man
Dem short shorts don't compare
To dat women you got at home man
And you gon' miss her when she's gone
[Incomprehensible]Never miss a good thing till it's gone
I never meant to hurt you girl, I was wrong
I always knew that one day you would move on, wit yo' life
But I guess in the back of my mind
I thought you would come home one more time, ah
I heard it through the grapevine, you got a man
They say he treats you good an? he makes ya laugh
I'm happy for ya baby and I ain't mad at you
May all your kids do good in school
And may all your dreams you have come true and I will
I'll always love you
(You girl)
I'll always care and girl you gotta know
That I'll always love you
(You girl)
And no matter where you are
Know that my love is never far
A happy women?s worth her weight in gold
Loneliness is good for the soul
Expensive places, lovely faces come and go
'Cause you only find your soul mate once
And if you miss your chance you'll never find it again
I can't complain, I did this to myself
You needed me and I wasn't there to help
It breaks my heart to see you loving someone else
I will give anything I own if I could just have my baby home
I'll always love you
(You girl)
I'll always care and girl you gotta know
That I'll always love you
(You girl)

And no matter where you are
Know that my love is never far
I'll always love you
(You girl)
I'll always care and girl you gotta know
That I'll always love you
(You girl)
And no matter where you are
Know that my love is never far
I'll always love you
I'll always care and girl you gotta know
That I'll always love you
(You girl)
And no matter where you are
Know that my love is never far
