

Another Day, Another Plague

A Perfect Murder

Advisory - the following lyrics contain explicit language:

I still see the same old shit like a never-ending story
Life's passing by in front of my eyes
Everyday I wake up and things never change
It's getting hard to have faith in this world
Everyday I wake up and things never change
It's getting hard to have faith in this worldAnother day, another plague
It's like a cancer taking the life out of me
The only hope I had left is slowy dyingEveryday I wake up and things never change
It's getting hard to have faith in this world
Everyday I wake up and things never change
It's getting hard to have faith in this worldThose days, have turned into years
And I haven't gained anythingEveryday I wake up and things never change
It's getting hard to have faith in this world
Everyday I wake up and things never change
It's getting hard to have faith in this world
