

# Prove Me

IDMC

HOOK

Prove me, let the world see you in my heart  
Prove me, till the end we will never partV1  
Shuffling my mistakes, ain't gonna make them right  
Putting them back in place, seems like a waste of time  
I've been messing with my mind so many days  
Oh Lord please prove me, there's been darkness in my life no sunny daysHOOKV2  
Time and time again I pray, but i prayed without any faith,  
Show me Lord what must I do, In order to believe in you.  
All I wanna do is just to prove myself  
Willing and able, able to do what you ask  
As long as you hold my hand, my faith will lastHOOKBRIDGE  
Wherever I go, I want the world to know  
That you are within me (Ah, ah, ah, ah)  
Now I have the faith, i know you are with me today,  
And for evermoreVAMP 1  
Sometimes alone, sometimes I'm weary  
You came along, to make me see  
That I'm not alone, and you are with me  
Cause You gave me LifeVAMP 2  
Use me Oh Lord  
To help somebody who has fallen down today  
Give me the words  
Give me the words to say that will help them today  
Let them see your love in me,  
Let them feel the peace you bring  
Cause in you there is new life, lifeVAMP 3  
Oh Lord Prove me, as your servant  
You can use me, to bring life  
You can mould me, for your Glory, cause in you there is new life, Life
