

# Out There (David Moralee remix)

## DJ Encore

You must be out there  
Every time I've got an hour on my hands I hope you feel me  
Every now and then I understand the fact that you believed me  
How can I go on  
If you don't come along to set me off  
I don't know nothing  
How can I move on when I am half as strong  
Without your strength  
I don't know nothing  
Cause you're not in my world to ease my worries  
And you can't be the one I turn to  
who's gonna watch over me if not you  
Will your memory live on inside me  
Ever since you went away I wondered why the world kept turning  
Every time I think of you I feel the flame that keeps on burning  
How can I go on  
If you don't come along to set me off  
I don't know nothing  
How can I move on when I am half as strong  
Without your strength  
I don't know nothing  
Though you're not in my world to ease my worries  
And you can't be the one I turn to  
you're gonna watch over me I feel you  
Cause your memory lives on inside of me  
You must be out there  
Though you're not in my world to ease my worries  
You must be out there  
And you can't be the one I turn to  
You must be out there  
you're gonna watch over me I feel you  
You must be out there  
Cause your memory lives on inside of me  
You must be out there
