

On Coral Shores

Hail of Bullets

Tons of high explosives
Plastering the reefs
Amphtracs approaching
Offloading LST's Establishing the beachheads
Perimeter secured
Distant laying battleships
Roaring whilst harbored Barbed wire and minefields
Concrete obstacles
Cautiously proceeding
Behind armored vehicles Say farewell to their comrades
Left in blood red waves
A sudden hail of metal
From camouflaged caves
Barrels of all calibers
Decimate the ranks
Concentrated fire
Hidden Ha Go tanks Airborne harakiri
Devastating wings
Naval bombardments
Ever ongoing Shermans cracking pillboxes
Grinding spider holes
Flamethrowers spewing
Burn nests on these atolls Corsairs sending rockets
Drive the enemy back
Launch in desperation
Vicious counterattack
Storming on a noxious stew
Of putrefying dead
Fierce hand to hand combat
Charge with bayonet Severed heads, blackened flesh
Blood, bones, filth, and gore
Torn cadavers exposing
The gruesome face of war Insulate coral shores
