

Thinwall Turmoil

Tinfed

Don't you know your gaze can be
As hard to swallow as anything
First involved it drains from me
And I'd react like chemistry
Don't you know your gaze cuts me
Face to face hypocrisy
First involved it drains from me
Suit yourself it's all be done and I don't think so...
Was it something I said
You heard through these walls
Don't be so upset
You'll never prove me wrong
You'll never prove me wrong
As long as I have figured it
I know you hated it too
I never wanted to be half as this close to you
I represented it
I'm advocating it
You been hit
You get it
I didn't think you would
