rush the floor (Dj Rado CRCC Remix 2005)

Massari

[Intro]
Im'a make you rush the floor
Fellas throw your hands up, Ladies touch your toes
look, Im'a Bout to crush the flo
If they dont let us in were gonna bust the door[Chorus]
Ay yo, I know that your feelin to stay close
First call me up, Then maybe we can just lay low
Then we gotta dip out of here, And if they see you leave with me
They know, That your not on your way home
Im'a give you love then maybe we can just lay low
Shorty shorty tell me how you feel
Doing the things you did with me tonight[Verse 1]
I know you want to ride with a soldier
This styles getting closer and closer
Yeah i keep my friends around me
Run and tell your friends about me
make your body move like a cobra
And now you got me wishing i can show ya
All those things i could do, The things i would do
If you wants me[Bridge]
You want me with you all the time
Thinking about me day and night
Baby i cant trust you
I know you want the need to shine
now your spending extra time
Just know that i know what your uptoall you wana do is live my life from the get-go
if you live it then you never wana let go
and all i wana do is get mine from the get-go
if you with me then i gota let you know[Chorus][Intro]
Im'a make you rush the floor
Fellas throw your hands up, Ladies touch your toes
look, Im'a Bout to crush the flo
If they dont let us in were gonna bust the door[Verse 2]
I aint getting commercial
Im just hear vision impared
Sipping on purple
i, Got none to lose
$50 Socks, hundred thousand dollar shoes
So even if she acting kinda rude

Im'a slide her through, And show her what a rider do
She thought that she could never find a dude
This much ambition, Im always on the move
Going fast tryna switch lanes, Im rick james
The gangster that spit game
And it aint nuttin like sick brain
Now i got you on the floor Like spike at a nick game
Right beside me in the big range
Pinky worth three curve B on a sick change
I know you dying to see, The way you look if you could ride with me
mami![Verse 3]
Shorty dont stop till its over
Watch ive got in the rover
girl i know you've heard about me
must have heard the word about me
now you wana see what they told ya
and im'a show you over and over
and now that its time to let go, your not gon let go
you dont wana leave[Bridge]
You want me with you all the time
Thinking about me day and night
Baby i cant trust you
I know you want the need to shine
now your spending extra time
Just know that i know what your uptoall you wana do is live my life from the get-go
if you love it then you never wana let go
and all i wana do is get mine from the get-go
if you with me then i gota let you know[Chours x2]
