Keep Me In Mind

Jerry Lee Lewis

Keep me in mind
If you ever get lonely
I'll be around
If you just call
You're one of a kind
and I'll always love you
When you need somebody
Keep me in mindOnce you were mine
I was so part of you
and this old heart still loves you after all this time
You're still on my mind
and I'll always love you
When you need somebody
Keep me in mindOnce you were mine
I was so part of you
and this old heart still loves you after all this time
You're one of a kind
And I'll always love you
When you need somebody
Keep me in mind
When you need somebody
Keep me in mind
