

# Good Ol' Fashioned Love

Tracy Byrd

The kind of love that I've been lookin' for  
I'm not sure they make it anymore  
It's easy to fall for a pretty smile  
It works real good for a while 'til the new wears off  
And it starts to fall apart I want a well-made, out-of-style, good ol' fashioned love  
The kind that stays together when the going gets too tough  
I don't want a new love, they just don't last long enough  
I want a well-made, out-of-style, good ol' fashioned love I know it's a rare thing now to find  
But I just don't want any other kind  
A love like that's worth a sacrifice  
If the heart's been broken, I can fix it up  
All I need is someone like me Who wants a well-made, out-of-style, good ol' fashioned love  
The kind that stays together when the going gets too tough  
I don't want a new love, they just don't last long enough  
I want a well-made, out-of-style, good ol' fashioned love  
I want a well-made, out-of-style, good ol' fashioned love
