Girl Like That

Matchbox 20

You think this life would make me bolder
But I'm running scared is all
Well, I hang on everything about youYou think I'd settle down 'cause I'm older
But I roll with the change is all
But I'm same old trailer trash in new shoesShe gets sad when there's nothing going on
She says it makes her feel damn worthlessWell, you got to think with a girl like that
Any love at all is better than nothing
Well, it's better than nothingWell, I put my hand around your shoulder
You're saying you're scared is all
Well, I think I know too much about youYou think this life would make me colder
I give in to the alcohol
I put my loving arms around you, childYou knew damn well there was nothing going on
Is that what makes you feel damn worthless?Well, you got to think with girl like that
Any love at all is better than nothing
You know it's better than nothingWell, you got to think with a girl like that
Any love at all no, no better than nothing
Well, it's better than nothingYeah well, she drags you down
And she pulls you up, she pulls you up
Yeah yeah, says that she's sorry now
But it's not enough to pull you up, she's sorryI wake up quick just like I want to
Yeah, but I stay out much too late
Well, you think this life can get a bit unkind
But she stays down till the worth is goneAnd pulls you up, she pulls you up
Yeah, she pulls you up and over, overYou got to think with girl like that
Any love at all is better than nothing
Well it's better than nothingNow you got to think with a girl like that
Any love at all no, no it's better than nothing
Oh, well it's better than nothingHey, well you got to think with a girl like that
Well, you got to think with a girl like that
You got to think with a girl like that
Hey, can't hear him
