## (Hed) P. E.

Feel so good I feel so fine  
Love that little lady always on my mind  
She gives me lovin' every night and day  
    Never gonna leave her  
    Never going away  
    Someone to love me  
You know she makes me feel alright  
    Someone who needs me  
    Love me every single night  
Feel so happy since I met that girl  
    When we're making love  
    It's something out of this world  
    Feels so good to know that she's all mine  
Going to love that woman till the end of time  
    Someone to live for  
    Love me till the end of time  
    Makes me feel happy  
Good to know that she's all mine  
    I am the world that hides  
    The universal secret of all time  
    Destruction of the empty spaces  
    Is my one and only crime  
    I've lived a thousand times  
I found out what it means to be believed  
    The thoughts and images  
The unborn child that never was conceived  
    Ya gotta believe me  
    Hey! I'm talking to you!  
    Well I know its hard for you  
    To know the reason why  
    And I know you'll understand  
    More when it's time to die  
    Don't believe the life you have  
    Will be the only one  
    You have to let your body sleep  
    To let your soul live on.....Ha ha!  
    Feel so happy since I met that girl  
    When we're making love  
    It's something out of this world

Feels so good to know that she's all mine  
Going to love that woman till the end of time  
    Someone to live for  
    Love me till the end of time  
    Makes me feel happy  
    Good to know that she's all mine
