

Weird Ceiling

[Zammuto](#)

Shame, Shame knows my name
Shame, Shame knows my maiden Christian name. Do they smile down upon me everytime I feel embarasement
while walking on the wide horizons
And do they hurt or die, for every time I hate myself and who I am while walking on the wide horizons
Will they be satisfied when I come back and memorize the pointing people walking on the wide
horizonsShame.Faces up to the Weird Ceiling.
Faces up to the Weird Ceiling.
