

# Dragged Through the Ground

## Out With the Old

Tell me what did you really expect?  
Someone that could make it better than this?  
I hope that you know, you're the reason we're in this place  
So you know I'm not going to throw this awayI'm breaking out!  
I'm breaking out!I swear I'm true  
This time around  
Did you want just another boy to drag through the ground?  
I hope that you know that  
I won't be your toy again  
Call me in a few months  
And we'll try to be friendsI want you to know  
You're just a piece of trash  
And I can't stand the thought of being with you  
I hope that you know that  
I'm done here with you  
And everything  
Is this how it's going to be?Without you in my life!  
Without you in my life!I swear I'm true  
This time around  
Did you want just another boy to drag through the ground?  
I hope that you know that  
I won't be your toy again  
Call me in a few months  
And we'll try to be friendsAnd I just wanted you to know  
You're the reason I never come home  
And I just wanted you to know  
You're the reason I left in the first place  
In the first place  
In the first place  
In the first fucking place
