

Ban The Tube Top

Reel Big Fish

You're 17, evil and mean
Comfy and cozy, nowhere seen
You can't deny the loser inside
All of your bad taste won't subside You're outta sight, you keep me up at night
You dress funny, strapless and skin tight
You're outta sight, you keep me up at night
You make me crazy, you wear it out of spite
Ban the tube top tonight You're magical mystery girl
Tick tock, you don't stop a rockin' my world
You give high fives to all the guys
You let me know that I'm alive You're outta sight, you keep me up at night
You dress funny, strapless and skin tight
You're outta sight, you keep me up at night
You make me crazy, you wear it out of spite
Ban the tube top There's a party that we're not invited to
But I don't care because I hate everyone in school
I ignore all the girls but you, oh yeah
Hey, hey, hey, hey Beautiful girl, ugly shirt
You are a fashion red alert
But I can't resist, you've never been kissed
And I've never been in love like this You're outta sight, you keep me up at night
You dress funny, strapless and skin tight
You're outta sight, you keep me up at night
You make me crazy, you wear it out of spite You're outta sight, you keep me up at night
You dress funny, strapless and skin tight
You're outta sight, you keep me up at night
You make me crazy, you wear it out of spite
Ban the tube top, ban the tube top
Ban the tube top tonight, tonight, oh yeah I saw you with Mars for a second
But I'm back now and I got T-shirts for everybody
