Afterlife

Napoleon

I'm still standing here
I'm out of my head staring in at myself
I can feel the weight of the world
Now that I have nothing to lose
Yet still so much in the tank to proveIf I could start this life again, I'd only ask to be less aware
To shut my eyes from seeing, to stop my heart from feeling
You've only got yourself to believe in
You've only got yourself to believe in
You've only got yourself to believe inWill we ever find inner peace, happiness and what it means?
A life of dreams and wonder
Embrace everything that life has to offerI can feel the weight of the world
Now that we have nothing to lose
Yet still so much in the tank to proveIf I could start this life again, I'd only ask to be less aware
To shut my eyes from seeing, to stop my heart from feeling
You've only got yourself to believe inSomeday I will die
So it only
Only makes sense
To make my mark whilst I'm still here
To make my mark whilst I'm still hereI'm still here
I'm still hereI am the sun you refuse to face
I am the blood you can't replaceI am the sun you refuse to face
I am the blood you can't replace
