Bro Safari

Sweet, contain me around Only To.. I Spit!Step on my disease,
So nice to see me bleed
Step on my disease,
I cannot containSlow it Down.. I'mSo winded,
I've fallen down againTaste.. The numb of my teeth Forever it makes me.. Sick!!Step on my disease
So nice to see me bleed
Step on my disease
I cannot containSlow it Down.. I'mSo winded,
I've fallen down again
I follow the walking dead
Now that you found out somewhat about me,
I wonder how long it will be before you leaveSlow it down.. I'mSo winded..Slow it down..I've fallen down..
AgainSlow it Down, I'mSo winded,
So end it,
I've fallen down.. Again
I follow the walking deadSpit!
