

Don't Fuck With Love

RF7

Don't Fuck With Love
Looking through the phonebook
trying to find a nice name.
"Meaningful relationship,"
is quite a tough game.
Computerized dating
I ain't got that kinda cash.
All I want's the girl they said
was my perfect match.

Don't fuck with love
It's no fairy tale,
Don't fuck with love
it gets pretty stale.
Don't fuck with love
It makes war look fun,
Don't fuck with love
I gotta tell someone.

I've gotta learn to try and love
being all alone.
When there's no meat around
the dog sure loves the bone.
I'm a dog, always been
I gotta face the facts.
Is it really love I want
or just a piece of ass?

"chorus-

Sittin' in my room
wander why I'm all alone.
Everyday it's just the same
starin' at the phone.
I got the word out all around
I need to settle down.
But, there's something wrong with every girl
I'm sorry how that sounds.
