

Like Zsa Zsa Zsa Gabor

Erasure

She wanted to be the hostess of the Big Game Show

Like Loni Anderson

She wanted to be seen on Spectravision

She told her friends that one day

She would be the movie queen

Like Krystle Carrington

Pay her weekly visit

To the top beauticians

Soul corruption, self destruction

(Are you prepared to fight?)

You can make a lotta money

Take a little bit, take a little bit, run

New sensation, Cecil B.

DeMille creation

You can make a lotta money

Take a little bit, take a little bit, run

She wanted to marry a big movie star

Like Omar Sharif, her walk-on part

In the b-movie was a big success

She did a voice over selling Hershey bars

Just like Betty White

But for now she is a temporary waitress

Soul corruption, self destruction

(Are you prepared to fight?)

You can make a lotta money

Take a little bit, take a little bit, run

New sensation, Cecil B.

DeMille creation

You can make a lotta money

Take a little bit, take a little bit, run

All the way to Hollywood

All the way to Hollywood

All the way to Hollywood

All the way to Hollywood

She told her friends that

One day she would be the movie queen

Like Zsa Zsa Zsa Gabor

But for now she is a waitress in a cocktail bar

Soul corruption, self destruction

(Are you prepared to fight?)
You can make a lotta money
Take a little bit, take a little bit, run
New sensation, Cecil B.
DeMille creation
You can make a lotta money
Take a little bit, take a little bit, run
Soul corrupt, self destruct
Soul corrupt, self destruct
All the way to Hollywood
All the way to Hollywood
All the way to Hollywood
All the way to Hollywood
Are you prepared to fight?
She wanted to marry a big movie star
Like Omar Sharif
Soul corrupt, self destruct
Are you prepared to fight?
You can make a lotta money
Take a little bit, take a little bit, run
Soul corrupt, self destruct
You can make a lotta money
Take a little bit, take a little bit, run
