Do My Thing

Busta Rhymes

Watch me get down and just do my thing baby
(Yes yes y'all)
Watch me get down and just do my thing baby
(Busta Rhymes in the place to be)
(In the place to be)
Watch me get down and just do my thing baby
(Hah, Flipmode is the place to be, in the place to be)
Watch me get down and just do my thing baby
(Hah, party people it's me, let me do my thing)
Watch me get down and just do my thing baby
(Let me do my thing, let me do my thing)
Baby, let me do my thing baby
(Baby doll follow me baby)
Watch me get down and just do my thing baby
(Let me do my thing, just, check me out now)
Watch me get down and just do my thing baby
Open up your door, let me on in
I just be wonderin' if I could do my thing baby
Y'all think fast, before I get, all in your ass
Bend your frame like Plexiglass
You motherfuckers, be actin' like you, don't know the half
You and your whole staff, make me laugh
Hah-hah-hah, hoh, y'all, you need to sing my song
With your similar features like Olivia Newton-John
Damn, ohh, I make the whole place warm, then
Hit you with some shit that make you niggaz look deformed
Now, stay tuned to every Busta Rhymes, coming soon
I will King Kong on niggaz like guerrilla monsoon, soon
Whoah, what seems to be the whole analysis?
Busta Rhymes just be rippin' shit, type miraculous
Bang you on your head so hard, shit be formin' callouses
Let me get this loot so we can move up in these palaces
Watch me get down and just do my thing baby
(Word is bond)
Watch me get down and just do my thing baby
(Let me do my thing, let me do my thing)
Watch me get down and just do my thing baby
(Let me do my thing)
Watch me get down and just do my thing baby

(Flipmode is the Squad, let us do our thing)
Watch me get down and just do my thing baby
(Let us do our thing, hah)
Watch me get down and just do my thing baby
(Yes yes baby, Busta Rhymes)
Watch me get down and just do my thing baby
(Let me do my thing)
Baby, let me do my thing baby
(Let let let me do my thing, hah)
When I step in the place you should keep your mouth closed
Take your fat finger out your nose
You should just pay attention, and watch how I wild on records
Make you sing, "The Lord is my shepherd"
In the process I do away with all nonsense
Hit you with magic like my name was Pocahontas
The dread, gon' make you party 'til you dead
Niggaz quick to talk shit oops! Upside your head
Put your head to bed let me do my thing Nuff said
Shit so hot make your chicken head do the spread
Tell me what you said, I said I never leave you misled
While you bullshit, I'd rather get the Lucci instead
Hah-huh-hah-hee-hah! Flip until you fall
Whylin' in your whip, 'til you crash into a brick wall
Through the nine-six, I be that nigga that be priceless
Always blowin' up your spot, bringin' more surprises
You, you know you really need to come clean
Let me do my thing, don't you even try to intervene
I will endanger your species like an ostrich
Hold you hostage, and crazy feed you swine sausage
Hah! I be the number one chosen just to keep you open
Chill with your thoughts I got your brain frozen
Pay the prices made the needed sacrifices
To present the grand opening of Flipmode Enterprises
Watch me get down and just do my thing baby
(Hah hah, hahahh)
Watch me get down and just do my thing baby
(Whohh, let me do my thing)
Watch me get down and just do my thing baby
(Let me do my thing, please)
Watch me get down and just do my thing baby
(Let me do my thing Flipmode is the Squad y'all)
Watch me get down and just do my thing baby
(Let us do our thing)
Watch me get down and just do my thing baby
(Please, let us do our thing)

Watch me get down and just do my thing baby
(Oh yes it's me, yes it's the Squad)
Let me do my thing baby
(Flipmode, we gon' do our thing)
Let me do my thing for nine-five, nine-six, suck dick
(Let me get down, do my thing)
Yes I got the bag full of brand new tricks
(Let me get down, do my thing)
Dead in the face, yes I'm gon' hit you with hits
(Let me get down, do my thing)
Oh my God, me and my niggaz
(Let me get down, do my thing)
Let me get down, do my thing
Let me get down, do my thing
Let me get down, do my thing
