

# Hit Or Nah (DJ Gold Baby Jesus Remix)

## Rayven Justice

Can I hit or nah? I wanna get with you  
I wanna get them draws, I wanna show you summin'  
Come with me, girl don't be scared  
I wanna show you sumthin' right over here  
Can I hit or nah?

Girl don't be shy, I wanna see what you about  
I'm staring at your thighs, you about to go down  
Come dance with me, come grind on me  
Shake that ass for a G, I'm just sayin'  
Stop playin' wit a young nigga, let me show you what you missin'  
You have never had nothin' different, fuckin wit the nigga, nigga  
Baby you're somethin' else, I'm just sayin'  
I just thought I would stay while you're playin'

Can I hit or nah? I wanna get with you  
I wanna get them draws, I wanna show you summin'  
Come with me, girl don't be scared  
I wanna show you sumthin' right over here  
Can I hit or nah?

I see you in the club wit your friends, tryin' to stay low key  
Girl that ass pokin' out, so it ain't low key  
Show a real nigga somethin', I see that you've been runnin'  
You ain't gotta run no more, I promise you will love it  
The way I'm touchin' your body, got you feelin' all naughty  
I knew you was a freak, so stop playin'  
Baby you're somethin' else, I'm just sayin'  
I just thought I would stay while you're playin'

Can I hit or nah? I wanna get with you  
I wanna get them draws, I wanna show you summin'  
Come with me, girl don't be scared  
I wanna show you sumthin' right over here  
Can I hit or nah?

Do it all night? (or nah)  
Can you make it shake like that? (or nah)  
Take you to my house? (or nah)  
Fuck you on the couch? (or nah)

Go to the bed? (or nah)  
Can you give me head? (or nah)  
Could you cook a nigga eggs? (or nah)

Can I hit or nah? I wanna get with you  
I wanna get them draws, I wanna show you summin'  
Come with me, girl don't be scared  
I wanna show you sumthin' right over here  
Can I hit or nah?
