Never Going Back to OK

The Afters

It's not the end but it feels like it is
I'm waking up like I'm back from the dead
I'm stepping out and it feels so free
But as long as I'm moving it's alrightI feel alive and it hurts for a change
I'm looking back it's hard to believe
That I was cool with the days that I wasted
Complacent and tasteless and bored
But that was yesterdayWe're never going back to ok
We're never going back to easy
We're never going back to the way it was
We're never going back to okThis discontent, like a slap in the face
A mediocre I've had enough of this place
This party's over and I'm moving away
From the frills of your Beverly Hills
That was yesterdayWe're never going back to ok
We're never going back to easy
We're never going back to the way it was
We're never going back to okWe're here to stay
This is our time
My only life
Our chance to liveYeah, we're never going back to ok
We're never going back to easy
We're never going back to the way it was
We're never going back to okWe're never going back to ok
We're never going back to the way it was
We're never going back to ok
We're never going back to ok
