Secrets

Vain

You know what I heard?...
Shocked but I'm never down
You come now you see I'm around around around
Lights do they blind your eyes
You spy now it comes as no surpriseI've seen your face before
I just don't remember where
I've seen your face before
You just love to see me fall(chorus)
So you think you know my secrets
(repeat)
Well you don'tLost but I'm never found
You watch now you love me down down down
Signs should have read the wall
Your jealousy baby tops them allI've seen your face before
I just don't remember where
I've seen your face before
You just love to see me fall(chorus)
So you think you know my secrets
(repeat)
Well you don't
