

Amanaemonesia

Chairlift

You lost your focus, but I got a plan for it
With a secret ingredient
And you are infinitely invited Just leave alone the Geminis
Two of them and four of eyes
And you are infinitely invited (No one could not agree.)
It's unanimously decided
(They've come for you and me.)
That we are dangerously surrounded
(Their boats are full of flames.)
A
(They paint the grasses green.)
A
(Repeating history)
A
(They don't say what they mean.) Is it amnesia?
Amanaemonesia
Mistaken for magic?
(Mistaken for magic.)
Silver hours, silver hours
Becoming a habit?
(Chasing the rabbit) Is it amnesia?
Amanaemonesia
Mistaken for magic?
(Mistaken for magic)
(Mistaken for magic) Spacing out in nook in cranny
It's officially uncanny
It's a fish in a sea of granite Just leave alone the Geminis
Two of them and four of I's
(No one could not agree.) It's unanimously decided
(They've come for you and me.)
That we are dangerously surrounded
(Their boats are full of flames.)
A
(They paint the grasses green.)
A
(Repeating history)
A
(They don't say what they mean.) Is it amnesia?
Amanaemonesia

Mistaken for magic?
(Mistaken for magic.)
Silver hours, silver hours
Becoming a habit
(Chasing the rabbit) Is it amnesia?
Amanaemnesia
Mistaken for magic?
(Mistaken for magic.)
(Mistaken for magic.)
(Mistaken for magic.)
(Mistaken for magic.) O, O, O, O There's a system of symbols that no one can vouch for
Everyone uses and no one believes There's a dog in the yard with a manner that's ruff
Yet there's something about you that he understands The girl at the window covered in ashes
Smiles grotesquely in the light of the day Singing in German
The cold summer warning But I can't remember
What I meant to say Is it amanaemnesia?
(Mistaken for magic.)
Amanaemnesia
Woah
(Mistaken for magic.) Amanaemnesia
A
(Mistaken for magic.)
(Mistaken for magic.)
(Mistaken for magic.)
(Mistaken for magic.)
