## Waka Flocka Flame

I'm from the south, Southern Hospitality  
Soul food dinners, dinners, dinners, dinners, dinners, dinners  
I'm from the south where the old folks they don't mind they business  
Strip clubs is our culture we some heavy spenders Candy Paint and Gold Teeth  
Candy Paint and Gold Teeth Candy Paint and Gold Teeth  
Candy Paint and Gold Teeth Candy Paint and Gold Teeth  
Candy Paint and Gold Teeth Candy Paint and Gold Teeth  
Candy Paint and Gold Teeth I'm in Riverdale on 85, at Annlers' eatin' some Soul Food  
Clayton County attitude let me know if you down too  
Party all night with my people  
And if yo' ass go hungry man them old folks they gon' feed you  
I bring drama like Sammy Sam, I'm so plain fly  
Twista, Bumpin' Do or Die  
Car clean no suit and tie  
Ghetto boy like Willie D  
Cartier wood grains like I'm Pimp C, I hold the flame like Bun B  
I ain't from the South that's Ludacris that country shit  
Fish and grits, y'all full of bits, wet paint, big rims  
You can't help, but done notice it, put the beat in it, dark tints  
I'm coolin' it wit' my bad bitch, she sick ass shit not average  
Country hair with good manners, yellin' Riverdale where we at I'm from the south, Southern Hospitality  
Soul food dinners, dinners, dinners, dinners, dinners, dinners  
I'm from the south where the old folks they don't mind they business  
Strip clubs is our culture we some heavy spenders Candy Paint and Gold Teeth  
Candy Paint and Gold Teeth Candy Paint and Gold Teeth  
Candy Paint and Gold Teeth Candy Paint and Gold Teeth  
Candy Paint and Gold Teeth Candy Paint and Gold Teeth  
Candy Paint and Gold Teeth Man I'm sittin' low in my old school, and my locs is on, and I'm so cool  
And my top is dropped, so there's no roof and I'm shinin' hard as my gold tooth  
I'm trill as hell, and I'm heavy set, pray to the Lord, but don't get it bent  
I'm from the hood, and I represent, and I turn it up like the deficit  
I'm from Texas bitch, Cadillac no Lexus bitch  
Where we ride on fours, with suicide doors that part no plexis bitch  
So you best not test us bitch, cause we will get reckless bitch  
Catch you on yo' block wit' that big black Glock take more than yo' necklace bitch  
Tell me who gon' check us, bitch, we outside, down for the hood nigga we gon' ride  
My gladiators, yeah they go live wit' them AR's and them 4 5s  
So watch yo' step, and know yo' place, you ain't trill don't show yo' face  
Cause I'll pull and pop, and I'll catch a case, and I'll leave the scene wit' no trace I'm from the south, Southern

Fresh out the shop and the candy coated Cadillac stacked on amazin' wheels

Seats look like I hollered at the Reese's peanut butter company and made a deal

Trucks shakin' like jelly these honeys ready to check the spread

Cause I get that cheese, and I sandwich myself between the bread

So keep yo' mind on yo' riches, and get yo' hoes right

Cause in these streets you not safe unless yo' codes right

This southern living is something like you ain't never seen

Ask any hustler his favorite color is money green

Blacked out tint white wall spinnin'

Lookin' for the ham hock neck bone, collard green, cornbread eatin' women

We some country ass certified gangstas in the south

When you speak about who's hottest watch yo' motherfucking mouthI'm from the south, Southern Hospitality
