Devil Drug

Reactive Black

Life is still flowing
But on the demonâ€™s call I will follow
In these days of decay, I swear
I cannot hide and I cannot move your way
In these days when the demon calls on me
I feel there is something more inside of me

I cannot hide, Devil Drug, Devil Drug
So sweet, so sweet Devil Drug, Devil Drug
So come on, come on Devil Drug, Devil Drug

SHOW ME, FEEL ME

So canâ€™t you see, I am falling down, down again,
And nothing will ever catch me on this fall
The only thing, that ever stays in my life
Is this sweetest darkness, keeps me safe and alive
Twilightsâ€™ twinkling, happy, shiny stupid world,
Good-bye, good-bye, good-bye, good-bye,
Good-bye, good-bye
Surrounded by darkness of this magical world
I feel safe, so safe and curled

I cannot hide, Devil Drug, Devil Drug
So sweet, so sweet Devil Drug, Devil Drug
So come on, come on Devil Drug, Devil Drug
Show me, feel me

DEVIL DRUG, DRUG DEVIL

Show me to hide my day, show me to go my way
Show me to hide the day, show me to take the day
Show me to be this way, show me to hide my day
Show me to go my way, show me to hide the day

Show me where to hide my day
Show me where to feel this way
Show me where to hide the day
