

Forever Or Never

Cinema Bizarre

I don't believe in miracles, I never did
Nothing never happens here
So sick of it, I, I, I told you
I, I, I need to Get, get myself into something new
I offer something mystical
Hysterical, dark and tantric seksual I'm not gonna live forever
Said I'm not gonna live forever
Better make it now or ever
E-e-e-ever, e-e-e-ever I'm not gonna live forever
Said I'm not gonna live forever
Gotta make it now or never
Forever or never I don't believe in fairytales
Just send the code
Everybody stop instead
I let it go, I, I, I told you
I, I, I need to Stick, stick, stick out of
Just can't believe you
Set myself to out in space
A better place
Gotta win the human race I'm not gonna live forever
Said I'm not gonna live forever
Better make it now or ever
E-e-e-ever, e-e-e-ever I'm not gonna live forever
Said I'm not gonna live forever
Gotta make it now or never
Forever or never I'm not gonna live forever
Said, I'm not gonna live forever
Better make it now or ever
E-e-e-ever, e-e-e-ever I'm not gonna live forever
Said, I'm not gonna live forever
Gotta make it now or never
Forever or never, eh, eh, eh, eh
