

Fight Till Death (Tom Araya's Garage 12/83)

Slayer

Metal and men clash once more to the end
Warriors above with the power to kill descend
Militia of blood troops of hate march to die
Soldiers of Hell veterans of death arise[Chorus]

Prepare for attack
Your body will burn
Endless war
There's no return
Prepare for attack
Death will arrive
Your orders are clear
No way to hide

Fight till deathSenseless death of all mankind overtakes
Armored assassins destroy at will your escape
Children of sorrow are trampled into the grave

There is no future no [fucking] world to [be] save[d].[Chorus][To reign in Hell]Gods of steel unleash their
destruction on man

Reign of death what is the final command
Scepters of hate are dropped upon the Earth
Clouds of terror destroy all hope of rebirth[Chorus]
[Fight till death [Repeat x 3]]
